Story: Allow me to describe the banal unoriginality that these series chose to hurl at the clearly preten female demographic. This series revolves around a stereotypically bland generic female (i.e. kind and optimistic with no other defining traits) who chose to attend a music academy so she could write music for some superstar she heard one song from that forever changed her life and then has

Fateful Boyfriend is an interactive text-based visual novel that follows a branching plot line, with the player's decisions determining which of the game's multiple endings they receive. The title is a pun on the wasi-igo word hatófurú (ハットフル, "heartful", also "hurtful"), and the Japanese word hato (鳩, "pigeon", "dove"), as the game features pigeons and other birds as major characters.

The second love story was between Hotaru and her boss, the main guy who, strangely enough, had the classic Second Male Lead Syndrome, Takano. Unlike her love story with Teshima which started with a kiss, theirs was a "slow burning" one. It started on the wrong foot as there was NO attraction on first sight.

The following is a list of characters from A Certain Magical Index light novel, manga and anime series, and its side-story manga and anime series titled A Certain Scientific Railgun and A Certain Scientific Accelerator. The series primarily takes place in Academy City, a city filled with students who strived to become powerful espers and were brought into conflict by the appearance of sorcerers.

It is just a love story of an ordinary boy who falls in love with a beautiful girl. He dreams and aspires to get her. The concept is now, when you dream and aspire for something, you eventually have no intention of quitting at three. Firstly, Bella and Edward would never forgive me. Secondly, the next two books would have to be 1000+ pages apiece to get the story to any place that felt like a true resolution. Thirdly, there are other stories to tell here, and, though the narrator might change, the story will continue.

The Beatles were an English rock band formed in Liverpool in 1960. The group, whose best-known line-up comprised John Lennon, Paul McCartney, George Harrison and Ringo Starr, are regarded as the most influential band of all time. They were integral to the development of 1960s counterculture and popular music's recognition as an art form. Rooted in skiffle, beat and 1950s rock and roll, their sound is considered to be the beginning of the British Invasion in the US by Reynal & Hitchcock in April 1964, and posthumously in France following the liberation of France as Saint-Exupéry's works had been banned by the Vichy Regime.

It will be based on random events so there has no need for summary but our little-hikari is kaihil's production so you will see [pairing: kaihil] but slightly. Rated: K - English - Humor - Chapters: 3 - Words: 6,215 - Reviews: 11 - Favs: 1 - Updated: 5/7 - Published: 4/11 - Kai H., Hilary/Hiromi T., OC

The story behind the MCU's first Black Captain America Heading into the finale of “The Falcon and the Winter Soldier,” we dig into the comic book history behind its tale of race and

The sequel to The Tattooist of Auschwitz. This is the story of Cilka, which is based on the real life of Cecilka Kovačić. She was a 16 year old character from book #1 The Tattooist of Auschwitz. She was a forced sex slave of a Nazi SS commandant. I read this one as a fictional story as I’m not sure which parts are factual.

Remember, Tropes Are Tools: By itself, a relationship that doesn't get painstakingly detailed development is not automatically bad, and like any other plot development, there are cases where it just needs to be done with and make place for more important things. Sadly, the case is often the opposite — the romance is the important thing, and, in spite of that, the author just didn't figure
