In this book – the first in more than fifty years to treat the entire body of Grimms’ Tales -- Ruth B. Bottigheimer provides a thorough analysis of the stories’ content, focusing in particular on the matter of gender. By combining a sociohistorical examination of the stories with close scrutiny of the language in which they are told, Bottigheimer reveals coherent patterns of motif, plot, and image and brings new insight into the moral and social vision of the collection.

#1 NEW YORK TIMES BESTSELLER • “The story of modern medicine and bioethics—and, indeed, race relations—is refracted beautifully, and movingly.”—Entertainment Weekly NOW A MAJOR MOTION PICTURE FROM HBO® STARRING OPRAH WINFREY AND ROSE BYRNE • ONE OF THE “MOST INFLUENTIAL” (CNN), “DEFINING” (LITHUB), AND “BEST” (THE PHILADELPHIA INQUIRER) BOOKS OF THE DECADE • ONE OF ESSENCE’S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS • WINNER OF THE CHICAGO TRIBUNE HEARTLAND PRIZE FOR NONFICTION NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE New York Times Book Review • Entertainment Weekly • O: The Oprah Magazine • NPR • Financial Times • New York • Independent (U.K.) • Times (U.K.) • Publishers Weekly • Library Journal • Kirkus Reviews • Booklist • Globe and Mail Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb's effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta's family did not learn of her "immortality" until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the history of biotics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta's daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn’t her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, The Immortal Life of Henrietta Lacks captures the beauty and drama of scientific discovery, as well as its human consequences.

Emergent Literacy

Contemporary Harmony: Romanticism Through the Twelve-Tone Row is by Ludmila Ulehla. The understanding of the musical techniques of composition cannot be reduced to a handbook of simplified rules. Music is complex and ever changing. It is the purpose of this book to trace the path of musical growth from the late Romantic period to the serial techniques of the contemporary composer. Through the detailed analysis of the musical characteristics that dominate a specific style of writing, a graduated plan is organized and presented here in the form of explanations and exercises. A new analytical method substitutes for the diatonic figured bass and makes exercises and the analysis of non-diatonic literature more manageable. The explanations describing each technique are thorough. They are designed to help the teacher and the student see the many extenuating circumstances that affect a particular analytical decision. More important than a dogmatic decision on a particular key center or a root tone, for example, is the understanding of why such an underdeterminate condition may exist.

Grimms' Bad Girls and Bold Boys

This edited volume constitutes the first serious, sustained examination of the study of children's books for children aged from 0 to 3 with contributions by scholars working in different domains and attempting to assess the recognition of the role and influence of children's literature on the cognitive, linguistic, psychological and aesthetic development of young children. This collection achieves a balance between theoretical, empirical, historical and cross-cultural approaches by examining the broad range of children's books for children under three years of age, ranging from early-concept books through wimmelbooks and ABC books for small children to picture books that support the young child's acquisition of behavioral norms. Most importantly, the chapters proffer new insights into the strong relationship between children's books for young children and emergent literacy, drawing on current research in children's literature research, visual literacy, cognitive psychology, language acquisition, picture theory and pedagogy.

In Footsteps of the Hawk Burke himself is in danger of becoming a victim. Two rogue cops are stalking him. The coolly seductive Belinda Roberts wants him to free a man charged with a grisly string of rape-murders. The brutal and half-crazy Detective Jorge Morales may be trying to frame Burke for the same crimes. What ensues is a novel of high-wire suspense and nightmarish authenticity informed by an insider's knowledge of the city where everything—from flesh to other people's cellular phone numbers—is up for sale.

International Finance and Accounting Handbook

IPrimary English
The pirates of the Caribbean have a name for kids who can walk on water -- they call them polliwogs. As far as 14-year-old Jolly knows, she's the last polliwog still alive. She is valuable to the pirate captain who raised her, for she can sneak up on an enemy ship by walking over the waves. When someone sets a trap for Jolly's ship, Jolly alone escapes. She is washed up on a tiny island inhabited by a farming family -- and the ghosts who labor for them. The farmers have a son, Munk, who has been raised almost in hiding. Munk longs to go to sea, but his parents say that they are afraid of pirates, and they have forbidden Munk to reveal his true identity -- he, too, is a polliwog. But pirates are not the only threat in the Caribbean. Evil forces are stirring, and a demon from the sea attacks and murders Munk's parents. Was the demon really after Munk? And Jolly, too? Why are the polliwogs so valuable, and who wants them enough to kill for them? Jolly and Munk must sail with a strange crew of outcasts, led by the mysterious Ghost Trader, to avenge their loved ones and try to stop an ancient, malevolent force known as the Maelstrom. What it will cost both teens, no one can tell -- in this thrilling, swashbuckling fantasy from the extraordinary Kai Meyer.
