Black identity: a thematic reader is a collection of short stories, poems, a short play, and personal essays written by both blacks and whites, on the themes of Negro experience and identity in America. Intended as a literary approach to a asocial topic, the book also presents essays of social analysis and commentary, but these pieces have only a secondary role to play. -- Preface (page [v]).

The sequel to Miss Taken Identity: Disgraced ex-Detective Sergeant Phillip Fishmandatu has lost everything - the woman he loves, his unborn child, his promising career, and his unimpeachable reputation. He's hit rock bottom. Then, notorious gangster Jimmy Chadwick comes calling Chadwick's got a job for him, and Phillip can't refuse. The old Phillip believed in truth, justice, and honour. The new Phillip has discovered the twin temptations of revenge and greed. In the tropical heat, the passion of the past and promise of the future entwine to beguile him into recklessness. When Phillip is seduced into swindling the wily gangster out of millions, what begins as skilful misdirection unravels into a desperate scramble for his life.

The book is a fantasy about animals, containing a lot of trivia, facts, fantasy, and a myriad of pun aspects of the animals. What might happen if, after the destruction of the human race, animals took over? This is a tale about the malicious murder of a few animals and the resulting chase, arrest, and prosecution of the perpetrators. It is told by an elephant to his grand calves. The story covers the murder and the investigation by Chief Inspector Bobby Bloodhound and his renowned team of detectives. They investigate the ant colonies, the beehives, the ocean, the bird sanctuary, the farm, and the wild jungle. There is a chase, a capture, and a court case to follow. Many human comparisons can be made from the behavior and actions of the animals involved.

This work offers references for 30 categories of African literature, including folklore, fiction, poetry, book reviews, journalistic essays, and interviews. More than 4000 entries cover oral and written forms that date from ancient Egypt to the present.

When Rain Medici was taken, she never thought in a million years that her captor would be the man of her dreams, but he was. Dominick Kane kidnapped his enemy's daughter. He had no idea that his victim would be the one woman to capture his empty heart, but she did. It's been one full year since the kidnapping that brought Dominick and Rain together. In that time, they struggled with many emotions and fought constant obstacles. They discovered new identities, faced ghosts from their pasts and attacks against their family, that to this day remain unsolved. Yet, regardless of the unexpected challenges, some self-inflicted, Dominick and Rain always knew that their undying love for each other had gotten them through everything. But then the unimaginable happened. Dominick was arrested. The charge? The apparent kidnapping of his wife, Rain Medici. Now, the couple faced a whole new set of challenges. Challenges that brought their pasts forward once again and others which forced each of them to examine who they really were and what they had become. Dominick and Rain's future hung in the balance. They were in the fight of their lives. Would it make them even stronger than before? Or would the delicate threads that held them together in the end, ultimately pull them apart?

Now, everything you thought you knew, gets blown out of the water. Can Dominick and Rain finally heal what's broken? Or will new discoveries push them even further apart.
