OSHA Frequently Asked Questions | Occupational Safety and

Outreach training results in the issuance of an official Department of Labor (D.O.L.) OSHA card, also known as an OSHA 10 or OSHA 30 card. Many workers carry these cards with them on the worksite, and in some cases, there are workers who need to carry their 10-hour or 30-hour OSHA card with them at all times as mandated by their state.

Who Needs OSHA Training? - Construction Industry

The Outreach Training Program offers 10-hour or 30-hour classes for Construction, General industry, Maritime, and a 15-hour class for Disaster Site Worker. To obtain an OSHA card, an individual must attend and successfully complete the entire class, including all requisite topics and the minimum number of contact hours.

For example, if your J column is blank, in J3 you can type =F3*I3. Then you can autofill down for as many calculations as you need. This keeps you from having to type out (F4*I4), (F6*I6), etc. You can do this for as many lines as you need. Let's say you stop at row 20. In J21 you can type =SUM(J3:J20) to get your answer.

Volunteer - Cincinnati Zoo & Botanical Garden®

Using the OSHA Construction Standards as a guide, the course emphasizes those topics required in the 10- and 30-hour programs, as well as those which are most hazardous. Participants receive training on effective instructional approaches and the use of visual aids and handouts.
